

the opposition is now for sale  
so the Santa Maria has caught wind and will set sail  
the opposition was there for us to take  
set our feet in position and march on, and on, conquest  
take it back, wrap, then you give it to me  
Indian giving them bootlegs  
we love the ones presented on their own time

I feel sick from the blankets they gave me

lock, stock, and then you're ready to pay  
but they aren't for sale  
so we'll rock the slots in an American way  
in Casino Columbus

you see meek opposition  
was there for us to take  
how did I know we had permission?  
we had guns loaded with faith  
so keep on dancing and giving to me  
history will one day realize  
we'll keep on dancing until  
we lose our feet

lock, stock, and then you're ready to pay  
but they aren't for sale  
so we'll rock the slots in an American way  
in Casino Columbus  
hot shots every day by day  
buy something else  
so we'll rock the slots in an american way  
in Casino Columbus

I want to be the bourgeoisie, but I don't have blue blood in my  
veins  
but I did see the vampirous pilgrim drop a few red drips from h  
is fangs

stick your finger down the throat of your freedoms  
and let it all purge on out  
tell the modest and the faithful  
we ain't shit
