

City Of Champions

letlive.

O...

only, we're not the only, we're not the ones,
vomit my name on this slab so they know

lonely, vomit, sick, lonely. we're not the one's who hate today

let's take consensus on this, this I know, and this I promise you (Mimes!)
behold the mimes, cos they spoke.

(there's just not enough flat notes see kid) to sing the eulogy,
nor enough tone deaf fans, we need the tone deaf to listen

only, we're not the only, we're not the ones,
vomit my name on this slab so they know

when in rome does as a homewrecker would do,
this I know and this I promise you,
in the middle of the fountain of youth we can wash our hands clean of
our sins
clean of all our.... SINS!!
Our sins, Our sins away

to sing the eulogy,
nor enough tone deaf fans, we need the tone deaf to listen
there's just not enough flat notes see kid, to sing the eulogy,
nor enough tone deaf fans, we need the tone deaf to listen

are you listening?
are you listening?!!

and he's dead, now it's time to appreciate, hey world,
he's been dead to you
and he's dead, now it's time to appreciate, hey world,
he's been dead to you

now we're dry heaving the memorial, but see I'm not through,
may we take this tongue from you?
now we're dry heaving the memorial, but see I'm not through,
may we take this tongue from you?

fake, are we fake? yes we're fake, faithful no one wasteful someone

there's just not enough flat notes see kid, to sing the eulogy,
nor enough tone deaf fans, we need the tone deaf to listen
there's just not enough flat notes see kid, to sing the eulogy,
nor enough tone deaf fans, we need the tone deaf to listen

c'est la vie
