

Elephant

letlive.

You are speaking Latin to all
I am yelling at Chinese walls
Truthfully, I never really got the point in you (You say)
You would think that someone would have already had to have ended you (You say)

Yeah

Now the elephant has filled this whole room and there's no room to Stand. Now I'm barely breathing, but this whole room doesn't want me to

If you carry the torch for too long there's no doubt you will get burnt when you fall
You believe that everything they taught you is the truth
These beliefs will be the very thing that ended you

Yeah

Now the elephant has filled this whole room and there's no room to Stand. Now I'm barely breathing but this whole room doesn't want me to

Yeah. Now the elephant has filled this whole room and there's no room to Stand. Now I've got this feeling that this whole room doesn't want me to

I never got it at all that's all I've got to say to you
They never want it at all until they take it all from you
And now I know how to fall- how to fall away from you
They never want it at all and all I've got to say is

Yeah

Now the elephant has filled this whole room and there's no room to Stand. Now I'm barely breathing but this whole room doesn't want me to

Yeah. Now the elephant has filled this whole room and there's no room to Stand. Now I've got this feeling that this whole room doesn't want me to
