

Good To Me

LeToya

This is dedicated...
To all the good men

Yeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah

I want me a man, you know the kind of man
That don't mind cooking me dinner
I want me a man, you know the kind of man
That all night in bed, he's a winner
I want me a man, you know the kind of man
That gotta body like a Gladiator
Cause I want me a man, a real kind of man
And he ain't gotta have a lot of paper

(Just be good to me)
Tell me I'm the one you need boy
(Just be good to me)
Cause I don't wanna search no more

I'm ready to give a man all this good love
I'm ready to blow ya mind 'til ya can't get enough
(Just be good to me)
I don't think I'm asking too much
(Just be good)

I want me a man, you know the kind of man
That still go to church with his mama
I want me a man, you know the kind of man
That ain't about all that drama
I want me a man, you know the kind of man
That I can take home to my daddy
Cause I want me a man, a real kind of man
And if you're out there, get at me, ohh

(Just be good to me)
Tell me I'm the one you need boy, yeah
(Just be good to me)
Cause I don't wanna search no more, no, no

I'm ready to give a man all this good love
I'm ready to blow ya mind 'til ya can't get enough
(Just be good to me)
Cause I don't think I'm asking too much
(Just be good)

If you need a good man, throw ya hands up
If you see a good man, throw ya hands up
All my ladies in the house tonight, say yeah
All my ladies in the house tonight, say yeah

If you need a good man, throw ya hands up
If you see a good man, throw ya hands up
I don't wanna waste no time
So if ya wanna be mine

(Just be good to me)

Tell me I'm the one you need boy, yeah
(Just be good to me)
Cause I don't wanna search no more

I'm ready to give a man all this good love (hey!)
I'm ready to blow ya mind 'til ya can't get enough (ohh)
(Just be good to me) (baby be good)
Cause I don't think I'm asking too much
(Just be good)
(Just be good)
(Just be good)
