

Demon Rock

Letters to Cleo

What say you demon
Say you demon rock of what
I'm the rock of Gibraltar
Say you demon so say what

If you think of it then you should know
If I'm getting kind of low
If you think of it then you should know
If I'm getting kind of low

You made the sun shine
Then you take my air to breathe
And I let you back again
Tell me what does that make me

If you think of it then you should know
If I'm getting kind of low
If you think of it then you should know
If I'm getting kind of low

If it was me you wanted
Why don't you just say so
