

Fast Way

Letters to Cleo

Why you gotta sit in my easy chair
What makes you think that I would care
When I say to you
What are you gonna do

So I got you to at least say please
That's how I know that you're on your knees
But I'm thinking too
What am I gonna do

To not take the fast way
It evens out everytime

God how I love a boy on the go
And what you've got I just have to know
'Cause what else is there to say
It's such a sunny day

So I got you to at least say please
That's how I know that you're on your knees
But I'm thinking too
Baby are we through

To not take the fast way
It evens out everytime
