

**Go!**

**Letters to Cleo**

Say it's a good clip  
Is a real good way to go real fast  
Say it, I'm on track  
And I'm built for speed, pull up the back

On your mark  
Ready set, go!

Teaser with pretty lines  
With your shiny glass and perfect time  
Ease up against my spine  
Because there's still a million miles to climb

On your mark  
Go!

Would I do what it takes  
If it would shut you off?  
Now don't be so sure  
But don't make me have to find out

'Cause I feel lucky, you look nice  
And I'm not gonna say it twice  
'Cause you're in my car, now

Say it a good clip  
Is a real good way to go real fast

Could I do what it takes  
If it would shut you off?  
Now don't be so sure  
But don't make me have to find out

'Cause I feel lucky, you look nice  
And I'm not gonna say it twice  
'Cause you're in my car  
You're in my car, now
