

# Follow Me

Level 42

On the streets  
There's no more pavements of gold  
In the heat  
There's no more golden years -  
Leaden feet  
They try to run from the cold  
No retreat there's nowhere left to go

Follow me to the end of the earth  
Follow me before it all breaks down  
Follow me we'll find a new gold age  
Waiting there to be found

Steel and stone the city's crushing you  
Stand alone but that's no way to be  
Follow me we'll find a new gold age  
Follow me turn around

We all need that age old story  
Where heroes wear the crown  
We all seek that fame and glory  
And watch the world fall down

Silver tongues that confuse you with  
Silver words that turn your head around  
Silver screams to amuse you with  
Silver dreams and silver sound

Follow me to the end of the earth  
Follow me before it all breaks down  
Follow me we'll find a new gold age  
Waiting there to be found

We all seek that fame and glory  
We all want that crown  
The sun is setting on history  
The heroes all fall down

It's time now

It's time now to move a bit  
Forget about the stone faced ages  
Just move along keep moving on  
Silver to gold (Repeat)

Follow me (5x)
