

# It's Not The Same For Us

Level 42

I know you live on my street  
I sometimes wonder  
Why we don't meet  
I've seen your face in the sky  
Twenty-five stories high  
You never come down to earth  
Communication (communication)  
Could hardly be much worse  
Don't keep me here in the dark  
I want to be your friend  
Your fears are way off the mark

Every generation  
Sees it their own way  
Never learning their lessons  
Making the same mistakes again

It's not the same for us - as history fades away  
It's not the same for us  
It's not the same for us - you must hear me when I say  
It's not the same for us

Look out on this brave new land  
Think of the future  
The future that lays in our hands  
Our leaders live in the past  
We can change it  
There's something to hope for at last

Every generation  
Sees it their own way  
Never learning their lessons  
Making the same mistakes again

It's not the same for us - as history fades away  
It's not the same for us  
It's not the same for us - do you hear me when I say  
It's not the same for us

(It's not the same for us)  
What dreams are you chasing now?  
What are you living for?  
(It's not the same for us)  
The problems that we're facing now  
Nobody faced before  
(It's not the same for us)  
Please don't reject me  
In anger or in sorrow  
(It's not the same for us)  
You've got to accept me  
If we're to make a better tomorrow

It's not the same - it's not the same for us  
(2x)
