

## Love Meeting Love

Level 42

I'm so nice - making love  
Together we're as one - in a time  
We have found our way - to another day  
So tonight we'll stay  
Jungled us - we cry  
Never yours and mine  
Love meeting love say baby

Take my soul

Being in this place - to the night  
Hoping in your arms - and take me in  
And we'll start again  
Moving to the park - sepry our design  
Love meeting love youh youh

And floating - lost in love  
The world is all they want - next to mine  
Time is standing still - for you end me  
So silently  
Talking in there eyes - knowing your goodbyes  
Love meeting love yeah yeah
