Oh, baby You've been talking in your sleep I've been lying here listening to A secret you had meant to keep inside of you

Were you dreaming of his face I can't begin to take it in I even know the time and place

Like the scene in a film that removes all doubt There's a shot of a man who wakes with a shout As he steps from a dream he figures it out That's me today

Like the end of a book where the plot unfolds But the lines on the page leave a tale untold Of a spy who never came in from the cold That's me today, yeah

Talking in your sleep Talking in your sleep

The force of love
Is sometimes hard to resist
But I never thought I'd see the day
Never thought we'd come to this

So angry now
And I'm sure you'd feel the same
I heard it said you took his bed
Though you barely knew his name

Like the boy leaving home with a hole in his heart Tries to fill up the void with a brand new start Not a day goes by when he's not torn apart That's me today

Like the way that it looks in a seaside town When the shutters go up and the flags come down And the beaches are bare, no-one around That's me today, yeah

Talking in your sleep Talking in your sleep
