

## Weave Your Spell

Level 42

Last night when you spoke to me  
Emotion in your voice  
You said that you gave to me  
A very simple choice  
I could leave you...  
And go wandering on my own  
Or believe in you...  
Never leave you all alone

Weave your spell for one more day  
You enchanted me to stay

When you met me I was wild  
"The Spider and the Fly"  
Your affections made me smile  
I didn't have to try

But then you tamed me...  
never blamed me for my pride  
And you aimed to...  
Find the real me deep inside

Weave your spell for one more day  
You enchanted me to stay

Now I'm feeling like a change  
You say that I don't care  
But when I look across the way  
It's always greener there

If I leave you...  
I may never have the choice  
To come back to...  
All the loving that you gave unceasingly

Weave your spell for one more day  
You enchanted me to stay
