

Are Lunartic

Leviathan

That which is transformed by moonlight
Ancient evil carnivorous nocturnal pure
Human skin shed
Senses sharpen
An ancient evil
Terror that must not be named
Prey bled until dawn
Are bled until dawn
That which is transformed by moonlight
Ancient evil
Human skin shed
That which is transformed by moonlight
Carnivorous nocturnal pure
Cloaked dusk onward
Coming with the mist
Inatiable hunger
Come and see the bodies
Red wake of carnage
Master of true pain
Singular in mind and motive
Lunar hatred
For harvesting humanity
Come to feed
Come to destroy
Come and see the bodies
