If you want, I could say your name.

Hold our breath, so we'll feel again.

I don't know if I could sacrifice; the weeks that I spent,

Holding on by a single thread.

But I've been spending all sleepless nights, On the floor.

And now I don't even close my eyes, Anymore.

And I don't want it to happen twice; Cause we've been here once before.

It was you, said it all went wrong. Well we were just fine yesterday, Now today you're gone. But now in a second glance, You only need a second chance, But I can't.

I'm afraid that I'm not that strong.

But I've been spending all sleepless nights, On the floor.

And now I don't even close my eyes, Anymore.

And I don't want it to happen twice; Cause we've been here once before.

But I've been spending all sleepless nights, On the floor.

And now I don't even close my eyes, Anymore.

And I don't want it to happen twice: Cause we've been here once before.
