

# Sink Or Swim

Lewis Watson

Sink or swim  
Hold your breath  
and just dive right in  
Ride the wave,  
Just, ride the wave  
Far from where we came

Well, Don't be scared  
Of who cares if we lose  
again?

Let it out  
Don't let it doubt  
Ever have its stay  
Down and out  
Don't throw the towel  
We can win this race

Well, Don't be scared  
Of who cares if we lose  
again?

I'll be there  
I'll be there with you  
till the end

I know I'll be holding onto you for dear life  
Holding onto you for dear life  
I will..  
I know I'll be holding onto you for dear life  
Holding onto you for dear life  
I will..

Sing to me  
Make me feel like  
the only one  
Bring to me  
And I'll bring to you  
everything you want

Don't be scared, no  
Of who cares if we lose  
again?

I'll be there  
I'll be there with you  
till the end

And I know I'll be holding onto you for dear life  
Holding onto you for dear life  
I will..  
And I know I'll be holding onto you for dear life  
Holding onto you for dear life  
I will..

I know you'll be holding onto me for dear life  
Holding onto me for dear life

I know..

And I know you'll be holding onto me for dear life

Holding onto me for dear life

I know..

Sink or swim,

Hold your breath

and just dive right in
