

## Rising

Lhasa de Sela

I got caught in a storm  
And carried away  
I got turned, turned around

I got caught in a storm  
That's what happened to me  
So I didn't call  
And you didn't see me for a while

I was rising up  
Hitting the ground  
And breaking and breaking

I was caught in a storm  
Things were flying around  
And doors were slamming  
And windows were breaking  
And I couldn't hear what you were saying  
I couldn't hear what you were saying  
I couldn't hear what you were saying

I was rising up  
Hitting the ground  
And breaking and breaking

Rising up  
Rising up
