

You re sick, you re wasteful
And refuse all my pain
You re wasteful, refuse all pain
Don t think, don t think
Don t think I ll wait
Don t think, don t think
Don t think I ll wait
You are so wasteful
And now I see you got it all
I m wishing long to chew these days
And I am long
Hollow life
Hollow life
Hollow life
Now I see it s not enough
I wish you were here with me
I can t alone just check it out
We re sure it ll not come back to me
Hollow life
Hollow life
Hollow life
You re wasteful
Hollow life
