

Saturday

Liberty X

I can't wait
I can't wait

Tired of working, tired of thinking
Don't wanna read no books
I can't believe
I'm sitting here at home waiting for the weekend to come
I need some excitement
I put on my clothes and go out with my friends and look
For something on the other side of town
I gotta find a place where I get down

The bass is pumping, music's playing all night long
Hey Mr. DJ won't you play my favourite song
So I can feel the beat and dance until the dawn
Why don't you turn the volume up, lets get it on

Can't wait til Saturday
I just wanna party and I just wanna play
Call me on Friday
We can have some fun and just get away

Can't wait 'til Saturday
I just wanna party and I just wanna play
Call me on Friday
Gonna move my body

Wish I could go out every night and then sleep until way past 2
I can't believe there's so much work to do
I guess I got to wait the whole way through
Try something more on to get my groove on
Make sure I'm looking cool
Tomorrow's gonna be a great night out
Gonna hit the club and just hang out

The bass is pumping, music's playing all night long
Hey Mr. DJ won't you play my favourite song
So I can feel the beat and dance until the dawn
Why don't you turn the volume up, lets get it on

Can't wait 'til Saturday
I just wanna party and I just wanna play
Call me on Friday
We can have some fun and just get away

I just can't wait 'til Saturday

Can't wait 'til Saturday
I just wanna party and I just wanna play
Call me on Friday, gonna move my body

Here we go
Can't wait til Saturday
I just wanna party and I just wanna play
Call me on Friday
We can have some fun and just get away

Can't wait til Saturday
I just wanna party and I just wanna play
Call me on Friday, gonna move my body
