Saturday

I can't wait I can't wait

Tired of working, tired of thinking Don't wanna read no books I can't believe I'm sitting here at home waiting for the weekend to come I need some excitement I put on my clothes and go out with my friends and look For something on the other side of town I gotta find a place where I get down

The bass is pumping, music's playing all night long Hey Mr. DJ won't you play my favourite song So I can feel the beat and dance until the dawn Why don't you turn the volume up, lets get it on

Can't wait til Saturday I just wanna party and I just wanna play Call me on Friday We can have some fun and just get away

Can't wait 'til Saturday I just wanna party and I just wanna play Call me on Friday Gonna move my body

Wish I could go out every night and then sleep until way past 2 I can't believe there's so much work to do I guess I got to wait the whole way through Try something more on to get my groove on Make sure I'm looking cool Tomorrow's gonna be a great night out Gonna hit the club and just hang out

The bass is pumping, music's playing all night long Hey Mr. DJ won't you play my favourite song So I can feel the beat and dance until the dawn Why don't you turn the volume up, lets get it on
