

# Black Metal Sucks

Lich King

Over there in Norway, the churches all burn down  
Let's go dress in goth clothes and get painted like a clown  
Awesome leather armbands with spikes like two feet long  
Hair is parted down the middle, frowning like a frog

In league with the devil, talking Satan, skulls and hell  
Making mommy mad, cause that's original  
If you hate good music, then it can't hurt to go  
Image-conscious assholes, black metal fashion show

I hope that you get hit by a bus. Why?  
Black metal sucks  
Careful not to smear your makeup  
You suck  
goth clothes and frowns, just like we discussed  
Black metal sucks  
Auuuuuuuuuugh What?  
You suck

Blacke Foryst of Despayr, taking photos of the band  
Put 'em up on myspace you're the envy of the land  
Posing with a battleaxe and grimacing with hate  
When you're done with this, figure skating at the lake

The music is best, it's got the hardest metal sound  
Quickly riffing on one note is certain to astound  
Dimly echoed drumming and some goat heads to distract  
From the terrible screeching that you pass off as your act

I wish your black clothes would combust. Why?  
Black metal sucks  
You know what dude, you look like a schmuck  
You suck  
Singer sounds like a wounded duck  
Black metal sucks  
I'd rather listen to... us  
You suck

You know how I know you look like a fool?  
Lich King rules  
We're the best band and we're super cool  
We rule  
Straight from the 80's and we're old school  
Lich King rules  
Running out of rhymes, so wading pool  
Thrash is the rule
