

Hang out dick
I'm dieing, I'm trying
I'm crying 'cause I ain't got nothing
So don't bother trying to stop me
I'm drowning in my own self-pity
So stop preaching 'bout livin' for a brighter day
You know as well as I do
Praying never stopped the rain
It's still rainin' on me
I'm drownin'
I'm drownin' 'cause I ain't got nothin'
So don't bother tryin' to stop me
I'm drownin' in my own self-pity
So don't bother wiping these tears away
'Cause at the end of the rainbow it still rains
It still rains on me
I'm drowning
I'm drowning 'cause I ain't go nothin' so
Don't bother trying to stop me
I'm drownin' in my own self-pity
So don't bother wiping my tears away
'Cause at the end of the rainbow it still rains
Its still rainin on me
The hand on the clock keep pointing at me
The remote control has a mind of its own
I forgotten how long it has been
This razor blade feels closer then my own skin
Won't someone wipe these tears away
It don't matter 'cause nothing can stop the rain
It still rains on me
I'm drownin'
I'm drowning 'cause I ain't got nothin' so
Don't bother tryin' to stop me
I'm drowning in my own self-pity
So don't bother wiping my tears away
'Cause at the end of the rainbow it still rains
It's still raining on me
I'm drowning
I'm drowning 'cause I ain't got nothing so
Don't bother trying to stop me
I'm drowning in my own self-pity
So don't bother wiping my tears away
'Cause at the end of the rainbow it still rains
