

Have you ever woke up screaming?  
Have you ever woke alone?  
When the walls around you won't stop laughing  
Where do you go?  
Sweat seeps in your eyes at night  
And you realize  
That no one understands you at all  
Well I was bound to have a nervous breakdown  
Should've seen it coming from miles away  
So I packed my bags and started running  
My brains been shaking since yesterday  
But there's only so far that you can run boy  
There's only so far to leave your problems behind  
'cause when the problem's yourself you start thinking  
No matter how far  
You'll never leave it behind  
No one understands me at all  
Now I'm 22 with still no clue  
Of who I am or show I'm supposed to be  
I know it to you it sounds funny  
You've got it worked out like it's a fuckin' disease  
Started asking myself do I fit in?  
Where I belong  
Could this really be me?  
Been feeling downright ugly  
Tell me is this the way it's supposed to be?  
So what's the difference?  
You're doing fine  
The clock keeps ticking as you lose your mind  
The one you need to call you  
Never calls  
Sweat seeps in your eyes at night  
And you realize  
That no one understands you at all
