

Aftermath

Lifehouse

We have kept a light on through the trouble
Treaded water - in a sea of tears
Now I'm shooting arrows across your night sky
Trying to land in your atmosphere

If we can make it through the storm
And become who we were before
Promise me we'll never look back
The worst is far behind us now
We'll make it out of here somehow
Meet me in the aftermath
Oh, meet me in the aftermath

There's so much more to life than all of the hours
Moments that just slip beneath our feet
In the times that we put it all on the table
And help feels too far beyond our reach

If we can make it through this storm
And become who we were before
Promise me we'll never look back
The worst is far behind us now
We'll make it out of here somehow
Meet me in the aftermath
Oh, meet me in the aftermath

If we can make it through this storm
And become who we were before
Promise me we'll never look back
The worst is far behind us now
We'll make it out of here somehow
Meet me in the aftermath
Oh, meet me in the aftermath
Meet me in the aftermath
