

## Aftermath

Lifehouse

We have kept a light on through the trouble  
Treaded water - in a sea of tears  
Now I'm shooting arrows across your night sky  
Trying to land in your atmosphere

If we can make it through the storm  
And become who we were before  
Promise me we'll never look back  
The worst is far behind us now  
We'll make it out of here somehow  
Meet me in the aftermath  
Oh, meet me in the aftermath

There's so much more to life than all of the hours  
Moments that just slip beneath our feet  
In the times that we put it all on the table  
And help feels too far beyond our reach

If we can make it through this storm  
And become who we were before  
Promise me we'll never look back  
The worst is far behind us now  
We'll make it out of here somehow  
Meet me in the aftermath  
Oh, meet me in the aftermath

If we can make it through this storm  
And become who we were before  
Promise me we'll never look back  
The worst is far behind us now  
We'll make it out of here somehow  
Meet me in the aftermath  
Oh, meet me in the aftermath  
Meet me in the aftermath
