

# Had Enough

Lifehouse

Loneliness pacing up and down these hallways  
Secondguessing every thought  
Mystified, just spinning 'round in circles  
Drowning in the silent screaming with nothing left to say

Everytime I reach for you, there's no one there to hold on to  
Nothing left for me to miss, I'm letting go, letting go of this  
Lost my mind thinking it through, the light inside has left me  
too  
Now I know what empty is, I've had enough, I've had enough of t  
his.

I believe that love should be a reason  
To give and get back in return (to give and get back in return)  
I wanna breathe in a new beginning  
With someone who will wrap her arms around what's left of me

Everytime I reach for you, there's no one there to hold onto  
Nothing left for me to miss, I'm letting go, letting go of this  
Lost my mind thinking it through, the light inside has left me  
too  
Now I know what empty is, I've had enough, I've had enough of t  
his.

Inside I'm barely holding on  
There's something that's already gone  
Inside of me a world is in this all alone

Everytime I reach for you, there's no one there to hold on to  
Nothing left for me to miss, I'm letting go of this  
Lost my mind thinking it through, the light inside has left me  
too  
Now I know what empty is, I've had enough, I've had enough of t  
his.

Everytime I reach for you, there's no one there to hold on to  
Nothing left for me to miss, I'm letting go, letting go of this  
Lost my mind thinking it through, the light inside has left me  
too  
Now I know what empty is, I've had enough, had enough of this  
Oh whoa, oh, I've had enough, had enough of this
