

# Storm

Lifehouse

How long have I been in this storm?  
So overwhelmed by the ocean's shapeless form  
Water's getting harder to tread  
With these waves crashing over my head  
If I could just see you  
Everything would be all right  
If I could see you  
This darkness would turn to light  
And I will walk on water  
And you will catch me if I fall  
And I will get lost into your eyes  
And everything will be all right  
And everything will be all right

I know you didn't bring me out here to drown  
So why am I ten feet under and upside down  
Barely surviving has become my purpose  
Because I'm so used to living underneath the surface  
If I could just see you  
Everything would be all right  
If I could see you  
This darkness would turn to light  
And I will walk on water  
And you will catch me if I fall  
And I will get lost into your eyes  
And everything will be all right  
And I will walk on water  
And you will catch me if I fall  
And I will get lost into your eyes  
And everything will be all right  
And everything will be all right
