

Storm

Lifehouse

How long have I been in this storm?
So overwhelmed by the ocean's shapeless form
Water's getting harder to tread
With these waves crashing over my head
If I could just see you
Everything would be all right
If I could see you
This darkness would turn to light
And I will walk on water
And you will catch me if I fall
And I will get lost into your eyes
And everything will be all right
And everything will be all right

I know you didn't bring me out here to drown
So why am I ten feet under and upside down
Barely surviving has become my purpose
Because I'm so used to living underneath the surface
If I could just see you
Everything would be all right
If I could see you
This darkness would turn to light
And I will walk on water
And you will catch me if I fall
And I will get lost into your eyes
And everything will be all right
And I will walk on water
And you will catch me if I fall
And I will get lost into your eyes
And everything will be all right
And everything will be all right
