

no use running i see you there  
no use hiding or lying i'm becoming you  
i'll be all that i'll be  
beautiful, pitiful  
beautifully, pitiful  
look at yourself  
what do you see now?  
ugly somehow  
i am ugly  
you are ugly  
we're all ugly in the mirror.  
clear day  
sunny day  
now cloudy day, good day  
my pain lasting too long  
but i love what i've become  
beautiful, pitiful  
beautifully, pitiful  
look at yourself  
what do you see now?  
ugly somehow  
i am ugly  
you are ugly  
we're all ugly in the mirror.  
i'm not mentioning any names.  
i'm not mentioning any names.  
i'm not mentioning any names.  
i'm not mentioning any names.  
look at yourself  
what do you see now?  
ugly somehow  
i am ugly  
you are ugly  
we're all ugly in the mirror.  
i am ugly  
you are ugly  
we're all ugly in the mirror.
