

## Just a Quiet Evening

Lifetime

Living at home  
Living under one roof  
Walls are raging  
They're all crazy  
Mind is racing  
Say you left it far behind  
And you'll always feel your 17  
In a dream  
Isn't it a sad thing that we all can't win?  
You got your sad songs or the radio  
It's for sure that you are all done  
Just a quiet evening  
Just a quiet evening  
When you get home the street is quiet in the morning  
And the sight of her is all you need to get so down  
I can't figure how a letter so upset her just climb down the stairs  
Just disappear  
I can promise something fleeting  
Just a quiet evening that will pass  
And although we ain't got nothing to show  
By sitting at home  
It'd mean a lot to me  
I can promise something fleeting  
Just a quiet evening that will pass  
Just a quiet evening  
Just a quiet evening.
