

## You

## Lifetime

you took the best from her when you had sex with her  
you took the best from me i trusted and you fucked me  
and it will take some time to see you up again  
and if its lack of care you will not find me there  
and it won't be as hard if love is guiding you  
and it won't be as hard if love is pushing you  
it's all you
