

There ain't no point holding back the tide,  
Still gonna get ya  
'Cause every little bird's gotta learn to fly  
Sooner or later  
I don't wanna lose you,  
Can't always do what you wanna do  
There ain't no point holding back the tide,  
Don't waste your time

'Cause everything is out there  
And there's no limits out there  
We could be reaching out for anything if we try enough

Let the daylight in on a better day  
It's been too long we've been  
Living under a raincloud

Daylight in on a better day  
It's been too long we've been  
Living under a raincloud

There ain't no point holding back desire,  
Still gonna get ya  
Strangers on a train driving through the night,  
Soon overtakes ya  
If someone feels the same as you,  
Might as well just do what you wanna do  
There ain't no point holding back desire,  
Don't waste your time

'Cause everything is out there  
And there's no limits out there  
We could be reaching out for anything if we try enough

Let the daylight in on a better day  
It's been too long we've been  
Living under a raincloud

Daylight in on a better day  
It's been too long we've been  
Living under a raincloud

'Cause everything is out there  
And there's no limits out there  
We could be reaching out for anything if we try enough

Let the daylight in on a better day  
It's been too long we've been  
Living under a raincloud

Daylight in on a better day  
It's been too long we've been  
Living under a raincloud

Let the daylight in on a better day  
It's been too long we've been  
Living under a raincloud

Daylight in on a better day  
It's been too long we've been  
Living under a raincloud
