

## Black Ghost Blues

Lightnin' Hopkins

Black ghost, black ghost  
Please stay away from my door  
Black ghost, black ghost  
Will you please stay away from my door  
Yeah, you know you worry po' Lightnin' so now  
I just can't sleep no more  
Yeah, you know I go to dreaming first night  
Black ghost is all po' Lightnin' can see  
I go to dreaming first night,  
Black ghost is all po' Lightnin' can see  
You know that's why I begin to wonder  
Why you keeps on worryin' me  
Black ghost is a picture  
And the black ghost is a shadow too  
Whoa, black ghost is a picture  
And the black ghost is a shadow too  
You just can see him but you can't hear him talkin'  
Ain't nothin' else that a black ghost can do
