

Darling Do You Remember Me

Lightnin' Hopkins

Just to say hello, my little darling
Do you remember me?
Now it's been a great long time, I just wanna let you see

Hello, speak to me
I been wondering, where can my little darling be?
But it's been such a great long time, darling do you
remember me?

I've been places, way over sea,
That's why I know you done forgotten all about poor me
But just to say hello, darling do you remember me?

Your face, somethin' I wanna see,
Just to know darling, you used to enjoy with me
But hello, hello darling, baby, do you remember me?
