

Jake Head Boogie

Lightnin' Hopkins

We got drunk last night man, yes, and the night before
We got drunk last night man, yes, and the night before
Come home tellin' me, yes gonna get drunk some more

I don't want no Dixie woman talkin' 'bout man in my face
I don't want no Dixie woman talkin' 'bout man in my face
There's a whole lot of women, just rarin' to take her
place

This time now baby, just got to let you go
This time now baby, just got to let you go
Come home tellin' me that you won't get drunk no more
