

## Your Own Fault Baby To Treat Me The Way You Do

Lightnin' Hopkins

Your own fault, baby, treat me the way you do

It's your own fault baby, treatin' me the way you do  
It's your own fault baby, darlin' in treatin' me the way  
you do  
You know I did everything for right, I did everything I  
could to help you

Whoa you once said that you loved me, yes but I found out  
you were lyin'  
Yes you once said that you loved me, found out you were  
lyin'  
Well you know you can't quit me black woman, and there  
ain't no need in you tryin'

Whoa but still you my baby, don't make no difference what  
you may do  
Yes you still my baby, don't make no difference what you  
may do  
Yes I know you know little woman, how long I been in love  
with you
