

## Dead Cowboy

Lightning Bolt

Take George Bush to Afghanistan  
He's gonna bathe in a river of blood  
He wants to party till the wheels fall off  
Six feet under ground

What the world needs  
Is another dead cowboy

Take George Bush to Afghanistan  
Throw him in an oil pit, six feet deep, six feet wide  
We're gonna cook him till his ears fall off

What the world needs  
Is another dead cowboy
