

# Heavy Rope

## Lights

Strange hands taking my wrist again  
Somehow I'm still alone  
Voices shaking my steps again  
I follow

I'm a little bit on the edge  
Holed up and out of reach  
I can't hear much of what you said  
Come for me

Don't let me tumble away  
Into the throws of the shadowy bay  
I clung to the rock  
And it's crumbling off  
Toss me a heavy rope  
It's a slippery slope  
Come bail me out of this God forsaken precipice  
Come bail me out of this God forsaken precipice

Turned up in this old place again  
Can't seem to get away  
Take me back to my element  
I'm afraid

Don't let me tumble away  
Into the throws of the shadowy bay  
I cling to the rock  
And it's crumbling off  
Toss me a heavy rope  
It's a slippery slope  
Come bail me out of this God forsaken precipice  
Come bail me out of this God forsaken precipice

Oh, I'm not a lost cause  
I'm just stuck in this spot  
And I'm close to falling off  
So toss me a heavy rope  
It's a slippery slope  
Come bail me out of this God forsaken precipice  
Come bail me out of this God forsaken precipice

Don't let me tumble away  
Into the throws of the shadowy bay  
I cling to the rock  
And it's crumbling off  
Toss me a heavy rope  
It's a slippery slope  
Come bail me out of this God forsaken precipice  
Come bail me out of this God forsaken precipice  
Come bail me out of this God forsaken precipice  
Come bail me out of this God forsaken precipice
