Heavy Rope

Strange hands taking my wrist again Somehow I'm still alone Voices shaking my steps again I follow

I'm a little bit on the edge Holed up and out of reach I can't hear much of what you said Come for me

Don't let me tumble away Into the throws of the shadowy bay I clung to the rock And it's crumbling off Toss me a heavy rope It's a slippery slope Come bail me out of this God forsaken precipice Come bail me out of this God forsaken precipice

Turned up in this old place again Can't seem to get away Take me back to my element I'm afraid

Don't let me tumble away Into the throws of the shadowy bay I cling to the rock And it's crumbling off Toss me a heavy rope It's a slippery slope Come bail me out of this God forsaken precipice Come bail me out of this God forsaken precipice

Oh, I'm not a lost cause I'm just stuck in this spot And I'm close to falling off So toss me a heavy rope It's a slippery slope Come bail me out of this God forsaken precipice Come bail me out of this God forsaken precipice

Don't let me tumble away Into the throws of the shadowy bay I cling to the rock And it's crumbling off Toss me a heavy rope It's a slippery slope Come bail me out of this God forsaken precipice Come bail me out of this God forsaken precipice Come bail me out of this God forsaken precipice Come bail me out of this God forsaken precipice Lights
