

Perfect

Lights

oh oh, oh oh, oh
Maybe I don't say all the right things
Maybe I stumble on my words
Maybe I laugh at all the wrong times
Maybe I mumble and I curse
The last thing I want is to let you down
Cause all that I want is to make you proud

I can't explain why I'm acting this way
I can't control it, so I go with it
I'm just a girl, I won't be changing the world
And boy you know that, I'm not perfect
But I'm perfect, for you

Oh oh, Oh oh, Oh oh, Oh

I know I don't make all the best moves
And I know sometimes I get weak
But I know that I've got nothing to lose
Maybe that's what you love about me

The best I can do is to be myself
And hope it's enough to make you proud

I can't explain, why I'm acting ths way
I can't control it, so I go with it
I'm just a girl, I won't be changing the world
And you know that, I'm not perfect
But I'm perfect for you

When you're in the room, my head is clear

You make the world just disappear
So open up your eyes and see

I can't explain just why I'm acting this way
I can't control it, so I go with it
I'm just a girl I won't be changing the world
And boy you know that

I can't explain just why I'm acting this way
I can't control it, so I go with it
I'm just a girl, I won't be changing the world
And boy you know that, I'm not perfect
But I'm perfect for you

Oh oh, Oh oh, Oh oh, oh
for you
Oh oh, Oh oh
