

## Pretend (Reprise)

Lights

Once in a while I act like a child to feel like a kid again  
It gets like a prison in the body I'm living in  
'Cause everyone's watching and quick to start talking  
I'm losing my innocence  
Wish I were a little girl without the weight of the world

It would be nice to start over again  
Before we were men  
I'd give  
I'd bend  
Let's play pretend

Remember the times we had soda for wine and we got by on gratitude  
The worst they could do to you was check your attitude  
Yeah  
When fights were for fun we had water in guns  
And a place we could call our own  
How we lost hold of home  
I guess I'll never know

And when it's the end our lives will make sense  
We'll love  
We'll bend  
Let's play pretend

It's not going to be long before we're all gone  
With nothing to show for them  
Stop taking lives  
Come on  
Let's all grow up again
