

Speeding

Lights

One by one out the door
Wanted you, she wanted you, oh
It's okay, it's okay
I don't mind movin' on
Don't wait up, I'm already gone
Can't stay still, can't stay still

The world in the rear-view mirror doesn't matter
I won't coming back here after

Speedin' 'cause it feels good to be movin' on
Sleep is for the weary, I'm not slowin' down
And when the record is done, I'll put another one on
Speedin' 'cause it feels good, 'cause it feels good

Window down to feel the night
Whatever I touch I can make mine
It's enough, it's enough
I say go, on the wall
You won't see me stoppin' for anyone
Can't stay still, can't stay still

The world in the rear view mirror doesn't shake me,
I haven't look back there lately,

Speedin' 'cause it feels good to be movin' on
Sleep is for the weary, I'm not slowin' down
And when the record is done, I'll put another one on
Speedin' 'cause it feels good, 'cause it feels good

Lines that line the city,
Guiding all the residents,
From where I am sitting,
I can see the evidence,

Lines that line the city,
Guiding all the residents,
From where I am sitting,
I can see the evidence,
Cause I am, cause I am

Speedin' 'cause it feels good to be movin' on
Sleep is for the weary, I'm not slowin' down
And when the record is done, I'll put another one on
Speedin' 'cause it feels good, 'cause it feels good
