We starve, look at one another short of breath,
Walking proudly in our winter coats,
Wearing smells from laboratories,
Facing a dying nation of moving paper fantasy,
Listening for the new told lies with supreme visions of
Lonely tunes.
Somewhere, inside something, there is a rush of
Greatness.
Who knows what stands in front of our lives;
I fashion my future on films in space.
Silence tells me secretly everything, everything.

Manchester England, England
Manchester England, England
(Eyes look your last)
Across the Atlantic sea
(Arms, take your last embrace)
And I'm a genius, genius
(And lips, owe you the 'dors)
I believe in god
(Of breath. seal with a righteous kiss)
And I believe that god believes in Claude,
(Seal with a righteous kiss)
That's me. that's me.
(The rest is silence)
That's me.
(The rest is silence)
That's me.
(The rest is silence)

Singing our space songs on a spider web sitar,
"life is around you and in you."

Let the sun shine,
Let the sunshine in,
The sun shine in.

Let the sun shine,
Let the sunshine in,
The sun shine in.

Let the sun shine,
Let the sunshine in,
The sun shine in.

Let the sun shine,
Let the sunshine in,
The sun shine in.

Let the sun shine,
Let the sunshine in,
The sun shine in.
