Lil B

Yeah, yes

Everybody knows I got alot of bitches
P.Y.T mixtape Lil B, feel me? I got alot of bitches
Everybody know!

You can tell I got alot of bitches
Would you be mad if I had 52 bitches?
I don't care, niggas know I got bitches on my dick
Middle finger to a hater, cause a hoe ain't shit!
That's a figure of speech, I need adrenaline beat
About 15 girls with my name in leash,
About 51 girls would what you say, I'm the best
22 girls wanna put my name on their chest
Team by me when I ride in the streets
Went deep with the bitch in the back seat.
Lil B, you're the fucking man
The world on my nuts, the bitch in my hand
You feel me? I go so hard
But not like this, you feel me?
Yeah man, I'm a tell you why rip shit, man
You feel me, I got bitches!

I'm the best shot
I will never cuff the bitch, cuff the bitch, cuff
I don't cuff the bitch, cuff the bitch

You can ask me about my left one,
And you can ask me about my right one
But sometimes I say she's not the right one
And sometimes I think she is the right one
But sometimes is very not the nice ones
Sometimes you'll really be those right ones
They'll be acting like the right one
But really, are you the right one?
I don't know! They'll be playing those games
I don't know! 'cause I be saying those lames
I don't know! we be playing those games
So I be thinking about all my bitches
And I'll be thinking about how many bitches I got
I'll be saying, God damn, I'm the man

```
