

# Cumin From Da Unda

Lil B

Fuck them niggas who hate me  
I don't give a fuck, Bitchmob respect me  
4 5 grips, tip top, stay strapped  
Bitch I'm worldwide, fuck 'em, bringing the Bay back  
One man gunner, fuckin' with down unda  
Got the mag down unda, call me Joe Plumber  
I mean Joe Greene, all about my green  
Still on the yellow bus with a gun and some lean  
Pink shirt, tiny jeans, bruh man  
I'm a fuck his whole  
Bounce out then I smash  
Comin' with the gat and the mask  
Sleep in a bin, man you niggas is trash  
Still thugged off in the back streets  
Feelin' like Sonic, I don't think you can catch me  
Feelin' so guttah open up the matches  
I'll lay ya boy, motivate ya team  
Got the game playin', all you need is me  
Top of the gun, all you see is weed  
I put a little purple at the tip  
So you can get high when that chew-chew-chew-chew grip (Pow pow pow)  
And I don't gotta gas cause I'm about that life  
With that motherfuckin' mask  
Send a nigga straight to class  
Man low bell, it breaks too fast  
Come up over here, I'm a break his ass  
13 and 14 I was takin' cash  
After job before that, I was 20 makin' ten dollars  
Full street, fuckin' with my homeless partners  
Now I'm 22 stay connected with the chopper  
I ride no license, too legit  
I was fuckin' up nigga, on my dick couldn't quit  
Niggas looked at me so sick  
Bruh, I swear I've seen niggas that looked like I was ridin' with 'em right  
beside me, I'll eat 'em  
Breh you don't know, I've been violated too many times  
I'm a hold that iron  
I want 20 million or better, that's just a sign  
I'll beat your ass and kill you for my honor  
This rap game look too familiar  
Shout out to the DJ that dropped my shit back on replay, bitchy
