

Gotta Question

Lil B

Yah I got some questions... this shit is so crazy
Like I said man bringing that shit up from the top to the bottom

I forgive you mixtape.

Like I said from the bottom to the top, rags to riches.
From the block to the top of the executive stocks, ya know what
I mean? stay positive and it won't stop...

If you gotta question scream yah... ya ya yah. don't know I was
born into hell. feel my pain.

America, serious love & hate. a lot of people talk but they really
don't say.

What they really think I'm mad cause they got green, but life's
not all peaches & cream.

America got too many guns, fuck that and war, I'm just tellin ya
what I see from the movies & stores.

Propaganda? what are you tryin to teach me? willie licks letters, I
couldn't believe... this can't be real.

From the bottom to the top.

This can't be real, people couldn't have thought that shit, brings
chills up and down my spine when I speak that shit... I was
born into war stories... a burned history. if you get killed in the
projects then you don't see two blind folds, solo. key. couldn't
vote, couldn't read that's the whole holy. when he spoke his
dream he got shot down... that was the closest thing that we
ever scene.

In the history of america, to be a human that was living his
dream. got took outta the game by devilish things. got suckas in
the hood doing trifling things. they say they gotta eat to justify...
to each his own. but to each who walks the path alone got to
walk more steps than a college dorm.

Selfish.

Ya I wanna be on top, but if you selfish you ain't gonna be on
top too long.

From the bottom to the up, the up to the bottom.

X had to make my own path, couldn't see no options, now 24th
floor president's score, made 25 grand I made it for sure. paid for
sure.

I forgive you. mixtape, lil boss.

Niggas can keep hating like this but lil b, one of many... one of
none.

My music is amazing, only one lil b... they're never be another
me.
