

# Heard Her Cry

Lil B

This for all the women across the world  
That's in an abusive relationships with a man  
And their sacred to talk about it  
And don't know how to get out of it!  
This is what she told me:

She called my phone up, she crying every night  
She's saying that she's sleeping with the devil  
Cause they always fight!  
The same when I hug her, the same way to take flight  
I'm glad I just listen!  
He could have took her life away, she...  
Don't make... Right  
She wanna leave... she can't trust him, right?  
Mind as well go back, shit they're just alike  
They both like pain and love, they don't know better  
They grew up seeing separation, fight between their parents  
They can't communicate with, out involve the feelings  
He wanna hit at her, cause he's scared to lose her  
Don't know how to say, he really love her and just stick with it!  
In other words, he thinks he's right to beat upon women  
He lost a lot of points in my book, but relationships have feelings  
So make sure you know what you're entering!  
You gotta be a pimp or a player to step down on a female  
Just keep your head straight, she follow up on your cartel  
Or she on a bar, she give you gang, so you know well  
You want your female to have your back, when your day rough  
Feature brand with wisdom, it takes time to learn from  
The women of my dreams will talk a lot but still keep quite  
Pay attention to the setting, a... If it ain't violent!  
A lot a people got the game wrong, leading the women to death traps  
Because they're so down, distorted their vision  
Cause a woman with love couldn't nobody stop her!  
I feel for a girl that's scared to leave a man  
Because the fear and the love combine the same thing  
Fears it's potential, but love is what really stand  
Stay for real close, even if it's on it's brain, fools don't fall in love!  
We're humans, they're trained, I sit back and watch the world  
And peep game... Females  
On the same thing, look down for real love  
Can't if it's all planned, anything is possible  
Is all what you gotta do  
Let your heart broken, too!  
I promote a few, but can't trust too many  
The hood is filled with young men, who don't know their dad  
They gonna treat her right, they don't even know a man  
Only seen the hood movies, don't know the family  
Get your mind right and slow down the van, and switch the plans!  
Sst! I heard her scream!  
That's the last time we talked on the phone!  
I heard her scream!

Women, if you're in an abusive relationship just be strong  
And let them men know that you are better than that!  
It's time to grow up, beautiful women, I let you all!
