

# Im The Bada\$\$

Lil B

These niggas think they badasses now, huh?  
This your boy Lil B: Pink Flame

Can't fuck with me these niggas know my history  
I can make your life into a motherfuckin' mystery  
Niggas wonder why they don't make it when they 'gainst me  
40 gonna come like my son walking six streets  
Shouts out to them bitch niggas sayin' that they miss me  
Tying to see checks like a test in history  
But I'm not a ho (Never)  
Know the code (Feel me?)  
I'm a take control (Bitch)  
I will never fold (Never)  
Took me in the jungle with them lions and them wolves  
I'm a get by and survive like I should  
Cats swallow up my pride like food  
Cause niggas know the court room  
I'm on strike two  
You lost control, you gonna see what life do  
Burn right through  
Serving time too  
You feel me? Niggas acting like you  
Big niggas drop the hearts in me  
Niggas wanna lie and be fakin' like they Doom  
Back against the wall and be still as the sides too (Fuck 'em)  
Niggas say you doin' bad but you can't get a job  
Keep it real  
Everyone wanna be a star  
Who got the heart to shine through the dark  
Lil B bitch, call me Lil Boss  
And if you really think you a badass  
I turn you into trash you little bitch  
Pink Flame
