Lil B

I'm a tell you bout the lick that I just can't dream
I got a will down bitch I ain't gotta trip
I said dream, what you need,
Bitch I need a new car, bitch I need a new life
For west side thuggin' I'm not greedy
The fears on my ass but they won't see me,
Never, got the line to the rule pills
Gonan ride but bang so I can't feel,
My bitch said, if I'm dead,
She gonna ride in the streets off with your hand
I ain't no pussy never been no pussy
Squeem ass pussy, don't wanna push you
Watch out then, see you next summer

Keep the dope right int he hundred

Real talk, I have to dump my ex bitch
