Yea this that Illusions of Grandeur Part 2  
You know everybody's still fucked up  
I'm talkin bout whatever you know  
Motherfuckers going to pay these dudes for this painting  
I make the motherfuckers hand it down man  
I'm a say fuck you niggas

Why I'm so relaxed cause I stole the strap off his hat  
Ready, where he offers is at?  
All from scratch, might not all from that  
Murder in silence, keep stroke silence the violence  
Stayin at the place where the government hiding  
Bad bitch on my dick, I'll be keeping the quiet  
See when you lyin, it's red, see where you lyin  
See I'm a lion  
Look back, she was firing  
Damn I be drugged out, you see I'm a giant  
Selling fake work bitch, I am not that nigga  
Bitch say she love me, I am not your nigga  
Dudes that you loved, I got the chopper niggas  
Shotgun, make it sound like the opera niggas  
All came to dead birds, ain't forgot my niggas  
Now my wolf pack brothers keep it hot my nigga  
I see you basin the Henny, won't stop my nigga  
The one that looked at me, they called him the dead guy  
Bitches spit out crack in the open  
Keys ain't focused, car moves but the doors don't open  
I drive the new whips where the doors start folding  
Knock him in his mouth and his jaw start folding  
I jizz round plays like Inkwon Bowden  
Niggas think that I'm fake so they say she stole it  
Put a smile on my face so I keep on rolling  
I'm gonna drive with my eyes now focused  
I keep on crying inside, the world on fire  
But really I can play  
I'm not mad cause most people on trial  
Most niggas my aids, got a number to follow  
Most niggas still working got a hustler's smile  
Fucked the wrong bitch and had an accident child  
Dots man, them hoes is fire  
I'll kill the next bitch playin with child support  
Often awkward, I'm a sit with the topper  
He with the chopper  
Nigga I'm a sleep with the chopper  
Said prayin for my dad and I'm prayin for mama  
Can't hate nobody cause I keep that karma  
I'm ridin through the base smoking all that karma  
Life a football game, we stay in the armor
