Lil B

Hey Bitch!  
Come here. Have a great time!  
Welcome to BasedWorld Airlines  
Based Jam heyyyyy  
Hey Bitch have a great day  
Ayy I'm a tell you what it is man, it's Lil B  
Hey Bitch

Riding downtown with the AC on  
Bitch sit down, this a gangster phone  
Had to shut her up like the dial tone  
I'm always real, right or wrong  
Look MySpace, had to change your places  
This is gangster rap with a twist of based  
Pay me now, pay me later  
Riding down the strip and I fuck off paper  
Never been a bitch, I need my paper  
I handcuff bitches that's why I'm a player  
And I pay, that's why I'm a trick  
I finesse a bitch  
Double pump shots end the game  
Pull a triple-double, relax with the fame  
Got a hundred mill  
That's just foreal  
Lil B for Lil Boss like the 5th wheel  
I don't gotta speak and they know what's real  
Touched a girl forehead she seen a mill  
Number 1 pick, that's before the deal  
I got hard like Florida will  
You might see me in a spaceship phantom  
Gotta drop caskets, shit they can't handle  
And I got ten bitches  
25 swishers, smoke stay with me  
I'm like a pot cause the dope came with me  
Feed the whole hood, close the city  
Watch from the top, the scope and the beam  
Watch for the cops, fuck the greed  
And I'm green like spinach  
Copped off the lot, the umbrella came with it  
Stay on your head like a New York fitted  
Where the same clothes... fuck it  
Yeah... I compete with the stores  
Always real I'm the same as before  
I'm the same OG  
Stay low-key  
With the banger  
Gangstas know me  
I still burn tree  
My name Lil B  
Ay bitch, fuck with me

I'm a tell you this bitch, I'm a tell you this  
I'm a tell you this bitch, I'm a tell you this  
I'm a tell you this bitch, I'm a tell you this  
I'm a tell you this bitch, I'm a tell you this  
(Sample: I like, the way, you kiss me when we're playing the kissing game)  
I'm a tell you this bitch, I'm a tell you this

I'm a tell you this bitch, I'm a tell you this  
I'm a tell you this bitch, I'm a tell you this  
I'm a tell you this biech, I'm a tell you this

Niggas keep it real with me  
Bruh came up with them deals for me  
Had to step back, had to deal with me  
Life so real, I got meals for free  
Hate in your heart, you gotta chill with me  
I'm ice cold  
My jacket froze  
Keep it on tight bitch I'm jacking hoes  
Throw them in the trunk, I throw them in the Rolls  
Look at my cash it grows and grows  
I'm so hood, no one knows  
Bubble up work like someone told  
Talk that shit, I run before  
Have low self respect  
Work hard for me, don't break your neck  
I'm a show you things that you can't forget  
I met BasedGod, that's a fact  
Never been ancient, never been hap  
Never been canned, never been crap  
I'm a bring it back  
The world love me, it's just a fact  
Speaking on facts let's talk about me  
B for Lil Boss  
Pour up a shot  
Like New Years people waiting for me  
Today my birthday, cut the cake for me  
Never been a cop, no Jake for me  
You at the gym, pushing weight for me  
Just think about it  
Before you sign a deal go read about it  
I'm the man  
Brrrangthangthang the world's in my hand  
Life just like sands  
Slip through your hands  
But everywhere  
Like Bone Crusher I'm never scared  
Based Jam mixtape always there  
I keep it real whodie  
The right money, what the deal whodie?  
Don't ever lose life  
They try to cheat ya, don't lose your wife  
I'm a keep it real all night  
If you really love me, it's all right
